

# NOTICE

## ADVISORY ON COVID-19

We would like to advise all members to protect themselves and others by following these recommendations to prevent the spread of the virus:-

- 1) Frequent hand washing
- 2) Practice a cough and sneeze etiquette
- 3) Social distancing from individuals showing symptoms of fever, repeated cough or sneezing.

The Club is guided by health procedures placed by the Ministry of Health Malaysia when interacting with a potentially infectious disease.

In the interest of all members safety as well as comfort, those with symptoms of fever, cough, and breathlessness are strongly advised to seek medical attention and follow the doctor's advice to refrain from patronising public areas including the club to reduce the risk of disease transmission.

### **Club's Precautionary Measures**

1. Hand sanitizers are now provided at all outlets and counters.
2. Scheduled thorough cleanings activities at commonly touched hard surfaces including door knob, lift buttons, hand rails and other shared facilities with approved chemical disinfectant.
3. Sanitizing on all air-conditioning areas such as office, gymnasium & etc.
4. All F&B operators to maintain the cleanliness and hygiene of their premises including sanitizing their kitchen.
5. All food preparers or buffet handlers to wear face mask.
6. Close monitoring and health screening will be conducted on all F&B workers to ensure the workers are free from the symptoms of the following:-
  - Fever
  - Cough
  - Sore throat
  - Migraine
  - High blood pressure
  - Breathless

Any workers detected with the above symptoms will be instructed to immediately consult a doctor for further check up and not to be in the vicinity of the club until their health is cleared by the doctor. Their medical check up result will be closely monitored for advisory or action guided by relevant health authority.
