

## **NOTICE - COVID-19**

Dear Members,

We regretfully wish to inform you receiving the news on 15 March 2020 that one of our members has been diagnosed and admitted on 10 March 2020 with Covid-19.

The member previously spent his time at the club two days before started showing symptoms of the virus.

We have identified his close contacts based on available information whilst he was in the club and have advised them to seek medical attention at the designated screening hospital soonest.

We would like to re-emphasise that members with the symptoms and those who have come in contact with person suspected to have Covid-19 to immediately seek medical attention and refrain from patronising the club.

The club will always stay vigilant and take precautionary actions in preventing transmission of Covid-19.

Thank you.

**Management of KGNS**
